

Floriade cruises

September/October 2017

Be dazzled at Floriade

In 2016 local artist Katy Mutton painted our boat *MV Gull* in distinctive 'dazzle camouflage' as part of Canberra's inaugural Contour 556 public art festival. This special livery is based on the vibrant and fascinating camouflage used on warships of World War 1, to confuse the attacking submarines and make the features of the ship difficult to see.

This year at Floriade our 'dazzle boat' takes centre stage, running shuttle services between the International Flag Display and Regatta Point, as well as offering our award winning cruises around Lake Burley Griffin throughout the duration of the festival.

Jump on board and find out why we have recently been awarded TripAdvisor's certificate of excellence as one of Canberra's premier tourist attractions.
